APRIL 2020

Marking the one-year anniversary of the firm's 50-state platform, Gordon Rees Scully Mansukhani, LLP has now joined the ranks of the 100 highest-grossing law firms in the United States. Jumping six spots to the 96th position, this is Gordon & Rees' first appearance on the Am Law 100 list, published by *The American Lawyer* magazine.

With gross revenues of nearly \$400 million collected in 2019, Gordon & Rees was among the top 10 firms in terms of year-over-year change in revenue, up by roughly 12 percent compared to 2018. (By way of reference, gross revenues increased by an average of only 5 percent across the Am Law 100 generally.)

The American Lawyer reported the firm was one of two additions to this year's list, and that its growth has included an expansion into secondary and tertiary markets. Gordon & Rees attributes its powerful, continued growth and financial results, in part, to becoming the first law firm in history to establish an office in all 50-states as of April, 2019. By having an office and lawyers licensed in all 50 states, the firm is able to deliver seamless and comprehensive legal services to clients on a nationwide basis, wherever they may have needs.

"I could not be more proud for the firm," said **Dion Cominos**, Firmwide Managing Partner. "This is the culmination of years of planning and hard work executed by many outstanding individuals throughout the country, and validates our fundamental business strategy of being America's first and only *50 State Partner* for the legal services sector."

“Joining a small law firm and seeing it become among the fastest growing and the only truly nationwide law firm was a result of simply providing clients with much more for less. If anyone likes that value proposition, we’re here to help,” said **Miles Scully**, Named Partner.

“When Don Rees and I opened Gordon & Rees nearly 50 years ago, we never imagined we would reach this level of size and prestige,” said Founding Partner, **Stu Gordon**. “But it just goes to show what happens when you work hard and establish a culture of mutual respect where everyone cares very much about and supports each other. I am pleased to say that those same core values the two of us started with are still engrained in the organization to this day.”
