APRIL 2023

Gordon Rees Scully Mansukhani is pleased to announce the addition of Partner **Kristin L. Pieseski** and Associate **Edward L. Kelly** to the Pittsburgh office.

Ms. Pieseski focuses her practice on defending medical and dental malpractice matters. Throughout her career, she has represented the interests of physicians, hospitals, nurses, home health agencies, and other health care providers in professional liability litigation, licensure matters, and staff privileges disputes in Western and Central Pennsylvania.

"We have had a long and successful working history with Kristin and her team and are very happy to have them join us here in Pittsburgh," said Pittsburgh Co-Managing Partner **Matt Horgan**. "Kristin's capabilities as a trial lawyer are proven and formidable, and her ability to understand, develop and communicate complex principles of law and medicine truly stands out among her peers. With Kristin's addition to our group and the addition of Ed Kelly in the role of associate counsel, our clients can look forward to our continued representation at the highest level."

Her experience extends to various general insurance defense matters, including product and premises liability, defamation, and cases where the defending carrier suspects fraud. She has also represented professionals during the investigatory and prosecutorial phases of matters before the Pennsylvania Bureau of Professional & Occupational Affairs.

Ms. Pieseski is admitted to practice in Pennsylvania and West Virginia. She received her law degree from Duquesne University School of Law and her undergraduate degree also from Duquesne University.

Mr. Kelly represents physicians, medical professionals, hospitals and other health care facilities in medical malpractice actions and a variety of other matters. He has worked at local and regional law firms in the Pittsburgh area where he represented clients in a diverse collection of practice areas, from estate administration and litigation to mass toxic tort defense.

Gordon & Rees' national Health Care practice group represents and advises general and specialty hospitals, nursing homes, home health agencies, assisted living facilities, continuing care retirement communities, acute psychiatric hospitals, residential behavioral health facilities, and other health care providers. The group's experience includes malpractice, elder abuse, contract, class action, fraud, compliance, reimbursement, False Claims Act, and HIPAA matters.
