

Hot Topics in Wage & Hour Law

APRIL 2018

April 17, 2018

This webinar aimed to help attendees stay current with the latest rules and regulations regarding wage and hour laws. Topics included: defining an employee; minimum wage calculations; what is on-the-clock work; computing hours worked; meal and rest period requirements; overtime regulations; exempt/non-exempt status; recordkeeping requirements; and agency enforcement of wage and hour laws. Presenters also examined current trends in the enforcement of wage and hour laws and provided suggestions for updating current policies and procedures.

Please note, MCLE and HRCI credit can only be provided to those who attended the live presentation.
