Located in the largest city in the Central Valley, GRSM's Fresno office reflects the enduring connection the firm has enjoyed with commercial interests in the area. The office officially opened in 2021 and has evolved into a convenient contact point for clients based in Fresno, the Valley, and the surrounding region.

Agribusiness is a natural focal point for our attorneys here. We also maintain active practices in our representation of clients involved in shipping, banking and finance, insurance, construction, and real estate. Litigation is an area of depth. Our work with clients includes defense of class actions, consumer claims, employment law, professional liability defense, torts, auto and product liability, and environmental and toxic tort.

The variety of talent and backgrounds of our professionals based in Fresno makes it easy for lawyers there to support our 50 state, full-service platform and work with colleagues and clients nationwide to resolve pressing legal challenges.
