GRSM's Houston office captures the diversity and spirit of the city as the energy leader of the world and a global healthcare destination. Our presence in Houston began in 2005, and we have grown to serve employers, insurers, and clients in a variety of industries, including, energy, healthcare, hospitality, and construction throughout the region, state, and across all 50 states.

Our professional bench includes tested trial lawyers, nationally recognized litigators, and skilled transactional and corporate attorneys who provide local insights backed by a national, full-service firm. Houston attorneys represent public and private clients in resolving their legal challenges, including in state and federal courts.

Notable areas of concentration include employment, oil and gas, energy, healthcare, professional liability defense, maritime, transportation, construction, technology, real estate, retail, and hospitality. We also offer significant resources to protect clients' intellectual property and brands.

Attorneys here work closely with colleagues in Dallas and Austin to cover the state and support clients nationwide. We contribute to Houston's busy legal community as leaders and members of the Houston Bar Association, Hispanic National Bar Association, Texas Association of Defense Counsel, Garland Walker American Inn of Court, IADC, DRI, and the ABA Forum on Construction, among others. We also extend our

support to civic and charitable causes and events, including Houston Children Charities, Classical Theater Company, the Greater Houston LGBTQ+ Chamber of Commerce, the Houston Livestock Show & Rodeo Educational Fund, and other nonprofit organizations.
