GRSM's Nebraska-based attorneys serve clients in the region and across our 50 state, full-service platform. Our local attorneys have built a national reputation for their defense of national builders, product manufacturers, hospitals, and healthcare companies.

Focused on complex civil litigation, our Nebraska attorneys handle all facets of litigation and a wide range of cases, including class actions, construction, intellectual property, product liability, health care, Medicare fraud, insurance, professional liability, lender liability, corporate unwind, shareholder disputes, trade secret, Medicare fraud, qui tam actions, general business and commercial litigation, as well as commercial transactions.

Our Lincoln location, opened in 2017, offers convenience and efficiency for clients with legal needs in the capital city and throughout the state.

Our attorneys are members and leaders of the Nebraska State Bar and Nebraska Defense Counsel Association. We have clerked in the Nebraska Court of Appeals and taught legal issues to classes at Creighton University School of Medicine and the University of Nebraska College of Medicine.

Several attorneys hold multiple licenses, including in South Dakota, Texas, and Colorado, and play a strategic role in the firm's seamless counsel to clients nationwide.
