San Diego is proud to be the home of GRSM's second office, established in 1989. Since then, the office has experienced tremendous growth, becoming one of the five largest law firms in San Diego County. We provide full-service representation to corporate clients, including Fortune 500 companies, biotechnology startups, and midsize businesses integral to the local economy.

Our San Diego attorneys cover every practice discipline and industry group at GRSM.

In litigated disputes, we are a recognized leader in handling complex trials, class actions, appeals, and arbitrations. For example, we prevailed in trial for one of the nation's largest cities in a waterfront property dispute and successfully defended a manufacturing client wrongfully accused of groundwater contamination. We have obtained multiple defense verdicts for employers at trial, favorably resolved class actions and complex commercial litigation matters, and regularly secured successful outcomes on appeal.

Our San Diego corporate attorneys have a similar depth of experience, counseling publicly traded and private clients in mergers, acquisitions, and financings and advising boards of directors on governance issues. We also serve as employment and labor counsel for many of the region's leading employers, with extensive experience in employment claims, including PAGA, wage and hour disputes, and trial representation.

Our real estate attorneys, who represent the majority of the commercial property owners in San Diego, have advised clients on hundreds of millions of dollars in transactions, including the acquisition of downtown office towers.

GRSM's San Diego attorneys are valued for their unique backgrounds and career experiences, which include public service with federal agencies and in-house corporate counsel roles.

We foster a collaborative and social environment, hosting events such as outings to San Diego Padres games, a day at the Del Mar races, a family-friendly Halloween celebration, associate attorney bowling nights, wine and cheese tastings, and our annual holiday gathering.

Professionals in our San Diego office contribute time to a wide range of pro bono efforts, including cases referred by such organizations as the Court Appointed Special Advocate (CASA) Association, Legal Aid Society of San Diego, and Casa Cornelia Law Center.
