GRSM's exponential growth and client demand drove the establishment of our second location in Illinois in 2023. Our Southern Illinois attorneys are skilled litigators and trial attorneys focusing on healthcare, professional liability, employment, general liability, and environmental and toxic tort cases.

In solidifying our presence in the central and southern areas of the state, including Madison and St. Clair counties, we also offer added convenience, efficiency, and reach for clients in Chicago, St. Louis, and eastern and central Missouri.

Our diverse client portfolio in the region includes health systems and hospitals, public and private employers, and national insurance carriers.

GRSM attorneys are members of the Illinois Association of Defense Trial Counsel, Illinois State Bar Association, Illinois Society of Healthcare Risk Managers, St. Clair County Bar Association, and other professional organizations.
