GRSM's St. Louis location is home to attorneys experienced in a range of business law issues and commercial litigation matters. Our team serves clients throughout Missouri and Southern Illinois, including Madison and St. Clair counties in Illinois, in both state and federal court.

Since the office opened in 2012, our attorneys have represented, advised, and counseled regional and national companies on professional liability, healthcare, employment, franchise, commercial litigation, creditors' rights, insurance coverage, and environmental and toxic tort issues.

Our clients include national manufacturing, transportation, and agribusiness companies headquartered in and around St. Louis. We also represent health systems, hospitals, medical groups, individual medical providers, and national insurance carriers. St. Louis attorneys work closely with GRSM colleagues across the region and nation to support clients' legal solutions and the firm's 50 state, full-service platform.
