OVERVIEW

GRSM's Institutional Healthcare practice is tailored to meet the needs of large-scale healthcare providers, including hospitals, health systems, correctional healthcare providers, and behavioral health facilities. Our comprehensive services support clients from property acquisition and operational setup to regulatory compliance and defense against professional liability claims.

REGULATORY & COMPLIANCE

We provide guidance on navigating the complex regulatory environment faced by institutional healthcare providers. Our services include:

- Advising on state and federal regulatory compliance, licensing, and certification
- Managing fraud and abuse investigations and government inquiries
- Assisting with Medicare and Medicaid self-disclosures and reimbursement disputes
- Developing compliance programs and conducting employee training
- Ensuring adherence to HIPAA, HITECH, and other privacy regulations

PROFESSIONAL LIABILITY DEFENSE

Our team has a proven track record of defending hospitals and health systems in high-stakes litigation, including claims of medical malpractice, wrongful death, and other professional liability issues. We focus on early resolution strategies to minimize the impact on our clients' operations and reputations.

CIVIL RIGHTS & CONSTITUTIONAL CLAIMS

Our healthcare lawyers have significant experience defending correctional healthcare providers against claims of civil rights and constitutional violations and understand the nuances of defending these high exposure matters. Our team has decades of experience defending jail and prison healthcare providers in First Amendment, Eighth Amendment, Fourteenth Amendment, ADA, and Rehabilitation Act claims in state and federal courts across the country.

TRANSACTIONS

We support institutional healthcare clients in navigating mergers, acquisitions, and other significant transactions. Our attorneys provide strategic advice on enterprise structure, governance, and business reorganizations, ensuring compliance with healthcare regulations. We facilitate joint ventures, partnership agreements, and the acquisition of subsidiaries, always aiming to enhance our clients' operational and financial stability.
