OVERVIEW

GRSM is the go-to firm for complex and high-stakes insurance coverage matters. Our insurance group is one of the largest and most experienced of its kind, providing national and local representation and counseling to many of the world’s largest insurers.

Our partners, based across key regions of the United States, are recognized as leading litigators and industry advocates who clients turn to for their most important matters.

The firm is recognized by *Chambers USA* for being “widely sought after by national insurance sector clients facing a wide array of coverage disputes.” We handle a full range of cases, from routine to precedent-setting, involving high-exposure claims and emerging legal theories, including:

- Appellate
- Bad Faith
- Directors & Officers Coverage
- ERISA
- Fidelity

- General Liability Coverage
- Life, Health & Disability
- Professional Liability Coverage
- Property Insurance

We understand the business of insurance, and we strive to create a seamless partnership with our clients to provide end-to-end advice and counseling. This starts with non-litigation services, including coverage advice and claim reviews, as well as product development, policy drafting, claim management solutions, and claim handling and statutory compliance training.

When litigation becomes necessary, our deep bench of litigation attorneys has a proven record of defeating claims at the summary judgment stage and at trial, and achieving favorable results through alternative dispute proceedings.
